

Youngstown Tube

"Quality by the Foot"

6" Water Well Casing

Youngstown Tube manufactures 6" Water Well Casing using only **high quality domestic steel coils**. This ensures a uniform superior product for welding. Youngstown Tube's 6" Water Well Casing is produced under ASTM A500 Type E, Grade B, NH standards. Every piece is Eddy-Current tested and conforms to internal SPC testing and recording.

Youngstown Tube 6" Water Well Casing is coated with a waterbased black water based enamel coating, continuously stenciled, and stored indoors ready for immediate shipment.
